REGARDING MEADOWBROOK SCHOOL

Editor, Western Globe:
Dear Sir.—In the Western Globe dated Oct. 21, the article regarding the work done at Meadowbrook School, stated that the children paid for their rock garden, swings, teeter-totters and pillow-fight pole by means of collections from the sale of pictures and other articles made at the school.

This is quite correct but the article has created some controversy in the district and to clarify any misunderstanding the following published report of the receipts is made. The question might be raised as to what we did with certain other monies handed to us to be used as we saw fit. I trust that the following statement will clear up any misunderstanding:

Collected by school children by sales	\$25.30
Cost price of rock garden, swings, teeter-totters and pillow-fight pole	\$25.10
Balance from above collections	.10
Box Social proceeds	\$26.65
Pie Social proceeds	\$14.46
Donated	1.47
Total	\$42.68
Other Expenditures	\$19.70

Balance on hand to date \$22.98
The proceeds from the box social includes sale of fish pond articles, some of which were kindly donated by Lacombe citizens.
Further information may be obtained from me if required.

THE MONEY QUESTION

Editor, Western Globe:
Dear Sir.—You cannot base anything worth while on a lie—evil begets evil. The case for the private control of credit is based on a lie, the denial that banks create money, and the assertion that banks lend only what is lent to them—an assertion that I have heard the governor of the Bank of Canada himself deny.

Man Loses Foot In Accident Near Erskine

(From Our Own Correspondent)

MIRROR.—Serious injuries were suffered by parties involved in a double accident on the Stettler-Erskine highway Saturday night. The first accident occurred when Eugene Barritt and Miss Betty Stuart, both of the Ripley district, collided with a car driven by Mr. Harris of Alta. Mr. Barritt suffered a fractured ankle in the collision.

A third car appeared on the scene and the driver, Mr. Waddy of Stettler, offered assistance to the victims of the accident. As Mr. Waddy stood by his car, another automobile, driven by E. McMullen of Lacombe, who was blinded by lights, struck him down, severing one of his feet. The car then swerved and struck Miss Stuart, throwing her through the windshield of Mr. Barritt's car.

All three victims were rushed to the Stettler hospital for medical treatment.

FIRST FALL OF SNOW THIS WINTER

With the first fall of snow this winter, which started late Tuesday night, Lacombe woke up this morning to find a white greeting, and the Armistice Day holiday tomorrow promises to have a winter effect, although the thermometer shows we'll be above zero. All stores and business houses in Lacombe will be closed to observe the holiday.

This Week's Thought

You are living your true life, if you take care to deserve your character.

Armistice Day Nov. 11

*At the going down of the sun,
And in the morning—
We shall remember them.*

In Flanders Fields

In Flanders Fields the poppies grow
Between the crosses, row on row,
That mark our place,
And in the sky, the larks, still bravely singing, fly,
Scarce heard amidst the guns below.

Gone are the dead,
Short days ago they lived,
Felt dawn; saw sunset glow,
Loved and were loved,
And now they lie
In Flanders Fields

Take up our quarrel with the foe,
To you from falling hands we throw the torch,
Be yours to hold it high;
If ye break faith with us who die,
We shall not sleep,
Though poppies grow,
In Flanders Fields.

Armistice Dance and Amateur Contest Promises To be Successful Event

Good Variety Program, in Which 20 Contestants, From Edmonton and Surrounding District, Will Take Part

That the Canadian Legion Amateur Contest to be held tomorrow (Thursday) night at the Central Alberta Pavilion, will surpass last year's successful event, is evident from a total of 20 entrants who have signified their intention of taking part. Variety will be the keynote of the program, and all those attending will get a real evening's enjoyment. For the benefit of all, it will be necessary to observe a strict time schedule, and the public are asked to be in their seats at 8 o'clock sharp, when the program will start, which will enable those in charge to be fair to all competitors. No person arriving late will be allowed in while an act is in progress. Take a glance at the following program and see if you are not going to get your money's worth:

Complete Program Opening—"O Canada," Remarks—T. Wilks, Chairman of Concert Committee.

Old Timer To Tell Of Famous Murder Case at Men's Club

At the next meeting of the Lacombe Men's Club, to be held Friday, Nov. 12, in the Church Hall, Mr. Robert Russell of Alta., an old-timer of over 40 years' residence, will tell, first-hand, of the events leading up to the conviction of Ernest Cashe for the murder of John R. Bell in the Ghost Pine Creek district, east of Lacombe, in 1902.

Mr. Russell, then a young man, lived with his father across the Red Deer River from the home of John R. Bell, and was intimately acquainted with the principals in this stirring drama, which has gone down in history as one of the most famous crimes in the annals of the Canadian North West Mounted Police.

Mr. Russell's talk will be of particular interest to those who lived in this section of the North West Territories at the turn of the century. These old residents will recall the widespread interest in the capture and conviction of Cashe, his subsequent escape from custody, recapture and execution for his crime.

The Cashe case has been lately dramatized over the radio and a short time ago a Mounted Police story appeared in McLean's Magazine depicting the details of the incident.

Outside visitors will be welcomed and all those attending are asked to be in their seats at the regular time, 8:30 p.m.

Sale of Angus Cattle Brings Top Price of \$205 for Cow

An average price for single cows of \$81.04 was obtained at Geo. A. Graham's Dispersion Sale of registered Aberdeen-Angus cattle held at Mr. Graham's farm in the Bentley district last Friday. Single calves brought an average price of \$3.37, five cows with calves at feet averaged \$109, four heifers averaged \$122.50 each and the bulls sold for an average price of \$74. The top price was paid by R. L. Snow of Bentley, who paid \$205 for a five-year-old "McHenry Barbara" cow.

The buyers at the sale were as follows: Alex Bros., Leduc, one bull; Roy Betham, Wetaskiwin, cow and calf; George H. Beddes, Rimbey, cow and calf; C. W. Natural Resources Dept., cow and calf; William Douglas, Penhold, one bull; Mrs. M. Jackson, Eekville, one cow and calf; Flint and Flint, New Norway, cow and calf.

W. C. Fieshman, Lacombe, bull calf; W. Kilbick, cow and calf; M. L. Gibson, Eekville, bull calf; H. L. Pearce, Lacombe, 3 cows and one calf; S. J. Henderson, 8 cows and 2 calves; K. King, Rimbey, bull calf.

T. Labl, Wetaskiwin, one bull; E. C. Puzey, Red Deer, bull calf; D. Richardson, Leslieville, one bull; C. Schumacher, Eekville, 1 cow; W. Schumacher, Eekville, bull calf.

G. Skeels, Bentley, bull; T. Seale, Alta., bull calf and cow; R. L. Snow, Bentley, 2 cows; W. Sutley, Bashaw, bull calf and cow; D. G. Whitney, Jr., Lacombe, 1 bull; R. A. Warren, Warner, Alta., cow and calf.

C. F. Dameron was the auctioneer and Jesse Fraser the clerk of the sale.

Local Cattle Bought For Premier Hepburn

S. G. Carlyle, former Provincial Livestock Commissioner, recently purchased several head of Holstein cattle from farmers in the district, which were shipped last week to join the personal herd of Premier Hepburn of Ontario.

Among those selling to Mr. Carlyle were J. L. Woodrow, two head; Joe Roper, one head, and H. and C. P. Elwell, Blackfalds, two head.

Two carloads in all were shipped, the balance of one car being made up of purchases from the herds of Bjorkedal & Sons, McFarlane Bros., and Henry Busby of the Red Deer district, and one car from purchases made in the Edmonton district.

Every animal was tuberculin and blood tested and it is claimed they were one of the finest bunches of cattle to leave Alberta for many years. All the animals realized a good price.

Conduct Wide Search for Poisonous Drug

Drug agents throughout the United States are carrying on a nation-wide search for more than 700 bottles of medicine containing diethylene glycol, which, according to the American Medical Association, is a toxic agent which has caused 36 verified deaths. The medicine, named elixir of sulfanilamide, was thought to have been a powerful agent against infection and is a form of the most sensational and valuable new medicine discovered in many years. Of the patients given the medicine by Dr. A. S. Calhoun, ABOVE, Mount Olive, Miss., physician, has already died. Nurse Evelyn Sluagh, shown with the doctor, has revealed she was the 13th of the patients to whom the elixir was administered, but refuses to believe that she will die.

A. Newman Elected President of Lacombe Boy Scout Troop

Local Boy Scout Troop, at a week-end meeting, elected the following officers: President, A. Newman; vice-president, Frank Mast; secretary-treasurer, Mrs. G. Edgington, and these officers, with the following committee, will comprise the executive: T. W. H. Lewis, Mrs. Frank Mast and Mrs. W. Butlin.

Scout Master is G. Edgington and his assistants are Fred Mast and Leslie Mathieson; chaplain, Rev. W. E. Herbert. G. Utas is Club Master.

The troop has a membership of 34 Scouts, and the proficiency with which they have carried out their programs and met the requirements of Scout law has not only resulted in the awarding of many badges, but has won commendation from the Provincial Secretary, who stated that their progress was unusual for a troop only one year old.

More Compliments

During a visit to Red Deer, their performance was also commended by the Commissioner. The Scoutmaster's badge, which has been issued to Milton Utas and Billy Edgington. Airman's badge, one of the most difficult to obtain, has practically been won by Bruce Sage, who has also obtained his Starman's badge, of which it is understood there are only half a dozen in the Province. Green and gold certificates were awarded Art Brewer and Jack Irish for passing their patrol leader's course at Alta. in April. G. W. Brown of Saskatoon was awarded a Thanks badge for his services during camp period.

Dr. Cook to Speak

Plans are under way to have Dr. Cook of the Department of Extension, University of Alberta, visit Lacombe in the near future to give a talk to the boys at a meeting to be held at the home of A. Newman. Anyone interested in the welfare of the Scouts is invited to attend a meeting to be held at the home of A. Newman, Nov. 14, at 8:30 p.m. Ministers are specially invited.

Bentley Ships Large Quantity of Grains

(From Our Own Correspondent)

BENTLEY—An all time record was set for Bentley two weeks ago when twenty-five cars of wheat and ten cars of other grains were shipped out in one week. With the cars averaging close to 1500 bushels each, this would mean a total of 37,500 bushels of all kinds of grain.

Patrick Butlin of Morningside Dies Suddenly

Striking with a suddenness that shocked the district, death came quickly to Patrick Butlin of Morningside, who died on Monday, November 8th. He was working right up to Saturday last, when he complained of feeling unwell, and on Saturday he suffered some kind of stroke, from which he succumbed.

He was born at Calgary April 16, 1881, and lived with his parents until 1910, when he came to Morningside, residing there since that time. For about ten years he was in charge of range riders for P. Burns Co. and since 1918 has been a temporary employee of the Lacombe Nurseries.

Unmarried, he leaves to mourn his loss, his mother, Mrs. A. Butlin, Morningside, one sister, Mrs. A. R. Schuz, Peace River, and 7 brothers, William, John, Nelson, James, Walter, Dave and Archie.

Funeral services were conducted at St. Cyprian's (Anglican) church, this (Wednesday) afternoon. The Rev. W. E. Herbert officiating.

The Lacombe Funeral Home had charge of the funeral.

Rev. A. L. Carr Inducted as Minister of St. Andrew's Church

Rev. A. L. Carr, B.A., B.D., formerly of Bawlf, was inducted into the pastoral charge of St. Andrew's United Church on Friday evening. The induction ceremony was in charge of Rev. G. D. Young of Ponoka, chairman of Lacombe Presbytery.

Rev. H. D. Lelich, Wetaskiwin, president of the Alberta Conference, outlined the steps leading to the call, extended to Mr. Carr. Other ministers of the Presbytery present were: Rev. J. L. Wright, Millet, who pronounced the imposition; Rev. A. J. Law of Heblena, who read the Scripture lesson; Rev. C. A. Warren, Bentley, secretary; Rev. W. J. Huston, Rimbey, who gave the charge; Rev. H. D. Lelich, who read the prayer, the minister, and Rev. J. A. Perrie of Morningside, who addressed the congregation concerning the relation of a congregation to its minister, which he felt included the exercise of psychology and that "very rare quality," common sense. Unkind and unnecessary criticisms had driven many a minister from his charge. Positive and helpful attitudes toward a minister would be love and co-operation.

Solo and Anthem Given

A tenor solo by J. Shaw and an anthem by the choir were enjoyed by the large congregation present. Following the induction service a reception was held in the Church Hall for Rev. and Mrs. Carr, which was attended by over 125 guests. F. E. McLeod, clerk of the session, extended a cordial welcome to the new minister and his family, to which Mr. Carr responded. Rev. H. D. Lelich spoke on behalf of the Alberta Conference and Rev. Young welcomed Mr. Carr into the Lacombe Presbytery.

Delicious refreshments were served, after which Mrs. R. L. Ramsay, president of the Ladies' Guild, presented to Mrs. Carr a beautiful bouquet of chrysanthemums.

Spring Valley Chicken Supper Successful Event

(From Our Own Correspondent)

SPRING VALLEY—Proceeds of the annual chicken supper held at Spring Valley Friday of last week amounted to between \$37 and \$38. The supper was sponsored by the Ladies' Aid of the district, and was well attended.

Those taking part in the program were: Mrs. Waterman, who sang a solo also a duet with Douglas Addison; Mrs. Kettis, solo and reading; the Misses McElroy, duet with violin accompaniment by Mr. McElroy; Arthur Hansen, solo; Misses Vaughn and Keith, whose tap dance number was accompanied by Austin Sutor; Mrs. W. Sutor, solo; Mr. McElroy, violin solo; Fred Singing of old time songs was also a part of the program.

Small Potatoes

THERE is an old saying that "actions speak louder than words," and at no time does it seem to better apply than at present, when Premier Aberhart and some of his Cabinet ministers continually, week after week, repeat their broadmindedness, fairness and what not—and seem to do everything but practice what they preach.

The latest move the Government has made to bear out its contention is one that struck close locally, when W. G. Sage, who has for the past twenty-five years supplied the liver for the magistrate at this point, received word last week that his services for this work would no longer be required. The reason could hardly be traced to inefficient service, after such a period of trustworthiness.

Since Mr. Sage has always had the courage of his convictions, it is therefore natural to assume that this small piece of business is the direct result of the fact that the Social Credit party has been unable to convert him to its principles. Hence, off comes his head.

All the Government hallyhoo about its intention not to interfere with the freedom of the people, be it free speech, free thought, or free press—is just political trickery, and gives the public room for thought as to just where we are heading. It seems "if you don't think as the Government thinks, watch out!"

In a free British country, every man is entitled to his own opinion, to think what he likes, but apparently the Alberta Government says "No," unless you want to pay the penalty.

What did Premier Aberhart and his followers do, before they gained office? They had the perfect right to tell the people of this Province what they thought, and proposed to do, with freedom of speech. Since their election they have gone much farther than the platform on which they were elected, and seem to be getting nowhere fast.

It was "small potatoes" to take from a taxi driver, who at one time used the "horse and buggy" means of transportation, this little means of livelihood, just because he does not think the way the Government wishes him to.

A Striking Price Difference

(From the Montreal Daily Herald)

ANNUAL automobile shows are opening in most of the large cities of the United States and Canada, showing the latest structures, engineering ingenuity and stream-lined models. The automobile! What a place it occupies in the lives of us all! The automobile has contributed largely to the building of our age. It takes us pleasure bent, our goods are moved by it, the business of cities is built on it, our great new tourist trade exists because of it, great industries have grown from it and millions find employment because of it.

And yet in comparison with our great neighbor to the South (we as a nation are mightily handicapped in the use of the automobile).

Handicapped because with us it is a far more costly instrument than it is with the people of the United States.

Automobile manufacture is one of the most highly protected industries in Canada.

An American plant, situated only a few miles from a Canadian plant, can produce an automobile to sell at about two-thirds of the price charged for the same model as made in Canada. It is astonishing how exactly the extra cost in Canada can be calculated.

Just take the customs duty on an American car imported into Canada, add the cost of freight for that car in transporting it to Canada, and the two together represent the added cost of a similar car made in Canada.

The Tariff wars in Canada has had the matter under study for a long time. Its report is expected to be presented at the next session of Parliament, shortly to open.

Will that report mean a lowering in the cost of automobiles—not a pittance one or two per cent, but a lowering to the American level? Buyers will be waiting anxiously to see.

Through the Eyes of a Country Woman

By BRIDGET (No. 7)

November the Eleventh, 1937! Nineteen years have gone by since that other November the eleventh which we commemorate today. To the vast number of men and women who are "fortyish" or over, it brings poignant memories. It means the opening of those never-to-be-healed scars that harass the heart and the mind of those who went "through the war." Many will hear again, as if it were only yesterday, the clanging of the bells of Westminster, that burst of sound that told the world that Armistice had been signed. To many it came too late, and forever the mockery of those joyful sounds will live with them.

During the last year or so, groups of young people have studied the subject of war, and their conclusions have culminated in the passing of resolutions stating that under no condition would they fight. Incidentally, some very disparaging remarks were made about the young people of 1914, even to the point of stating that youth today knows more about war than did those who actually went through the horrors of war.

However, we are too near the Great War episode to judge impartially, and it is problematical how historians of the future will allot the blame. These hurtful remarks are not constructive, and lead to no solution. Those of us who do not agree with the "Won't Fight" slogan are dubbed militaristic, and must be careful what we say. But I do challenge the world to find more constructively earnest workers for peace than those who went through the ghastly holocaust of the Great War.

Youth today talks about brass bands, honor, and glory as having urged the youth of 1914 to the shambles. Brass bands—sure they had to have loud brass bands to drown the cries of those bereaved and in torment, and not to bolster up the morale of an alleged cringing youth. Honor, the glory of going back to a hell incarnate, back to living in water, slime and filth; the honor of medals and mentions; no, just the simple honor of living, and dying "true"; true to the British traditions of fair play and loyalty. Glory, perhaps, the glory of the love in a woman's eyes, shining through a curtain of tears.

During the past year, twenty thousand bodies have been dug up or disturbed in the battlefields of Europe. Only 20 per have been identified. Twenty thousand men, who were each of them precious to someone, wasted and now disturbed by the gardener's spade and the farmer's plow. How dreadful for those whose dead have no known resting place, to imagine, as they will, that their Loved One's last sleep is being thus rudely disturbed.

As one of that misguided 1914 brood, one of my most poignant memories is of walking to my office one morning after an air raid and seeing bits of flesh and bone, which were one, but a few hours before, women and children, being brought out of a building which had been directly hit by a bomb. There were 700 sheltered in that building, and not one escaped intact. Some, very few, got through with their lives, but their minds were wrecked.

Describing this once to some women, I was told it was "not nice." But war is not "nice," my sisters. It leaves a bloody trail of diseased and broken minds and bodies behind it. These are not pleasant things to remember or talk about, but surely they are helpful to the cause of peace. Have we progressed very far since 1914? Look at Spain, look at China, look at Egypt. Have we progressed very far since 1914? Isn't it pitiable that war seems yet the last resource of disgruntled nations? Surely if we took all profit out of war, conscripted all wealth and allowed everyone to know the heatlessness of war, instead of covering it all over with a "highly exaggerated" "my dear," we would accomplish more than by talking "won't fight."

Rearmament has brought many controversial arguments to the fore, but it would be well to remember, as a basis, that the British navy kept the trade routes open for Canada's wheat and produce during the war years, and through all other years. Study this and you will find that British rearment is not so much a gesture of war as a sane step to ensure the safety of our world markets, and one to put Britain in the position of taking the lead in European affairs.

It has been suggested that November the eleventh should be a day of rejoicing and thanksgiving; I would have it a day of real remembrance, a pause in life's daily work, to consider the futility of war, the waste of those who died for us, and a consecration of ourselves in the cause of peace, that such a catastrophe shall not again overtake this world. Only by so doing can we keep faith with those who cheerfully gave their lives for us.

May their sacrifice not have been in vain!

Finance are so obscured by the upholders of the system that people hesitate to believe them where pointed out. But the truth is spreading and will continue to spread. Finance is on the defensive; it has yielded ground and will continue to yield ground. The "sound money" of orthodox finance—"sound money"—designed to confuse and exploit the public, will give place to a money system based on scientific truth that will reflect facts, just as astrology gave way to astronomy and alchemy to chemistry.

Today only what is financially desirable is allowed to be physically possible. Tomorrow what is physically possible and desirable will, without question, become financially possible. Today men are idle, hungry and miserable, not because there is nothing more to be done but because, forsooth, we are told we cannot afford—have no money to pay them the wages to produce and consume what they lack to cure their hunger, idleness and misery. We cannot at all times afford to consume what we do produce, wealth is destroyed and nearly always restricted.

Only in time of war, when necessity knows no law—economic or otherwise—can we "afford" to produce and consume—to the limits of our desires and abilities.

Today a prime minister can order us to work harder and tighten our belts—to produce more and to consume less—in the interests of finance. He would not dare so to order us in time of war, nor will he dare, or desire, to do so in tomorrow's time of peace.

Today money is master. We all desire permanent peace and plenty? Then we must make money our servant, otherwise we can have neither. Do not be deceived by the paid advocates of "sound money." Remember the warning of the author of the Declaration of Independence.

Mr. King and Mr. Aberhart both promised the same thing—to restore the control of credit to the people. Mr. Aberhart is doing his best to fulfill his promises. Back him up. Mr. King is not keeping his promises. Remind him of it. There cannot be any real quarrel between the two men.

If you do not believe that success is possible provincially, do not fight Albertans. Mr. King carries out his pre-election promise to fight and defeat the money powers.

resident of Lacombe since 1886? He was born in New Brunswick on April 18, 1862. When 15 years of age his father died, and for the next 13 years he, as the oldest of five children, took care of the family. When 28, he wrote his promissory examinations and was admitted to McGill University, from which institute he graduated at the age of 32.

He took the saying of the earlier days, "Go west, young man, go west!" literally, and in 1894 settled in Wetaskiwin, coming to Lacombe 2 1/2 years later, where he succeeded Dr. H. J. Richardson, a former class mate at McGill. There was, at that time, no hospital closer than Edmonton or Calgary, and all surgical work was done under difficulties.

In 1897, Dr. Sharpe was married to Miss Alice Taylor of New Brunswick. After the death of his first wife, he re-married in 1904, this time to Miss Alice Carter of Montreal.

The First Hospital
In 1905 Nurse Trotter set up a hospital in the house now occupied by Mr. Deekard and in this hospital Dr. Sharpe and Dr. Hyman performed several major operations. Mrs. W. Burris, meanwhile, was active in raising funds for the erection of a hospital, which was built in 1907.

During Dr. Sharpe's early days here, he made medical trips to Mirror, Erskine, Iola, Gilbey and many other places, travelling with horse and buggy, and taking two and occasionally three days on such trips. In 1912, he purchased his first car, which he claims "was useful only in a limited way."

Dr. Sharpe has been coroner since 1905, and in the last 30 years has had some exciting cases while performing the duties of this office. From 1900 to 1905 he was medical attendant at the Indian Reservation at Hobbema.

Served on School Board
Dr. Sharpe served on the Public School Board from 1904 until 1929, with the exception of one term, in 1908, when he served as Mayor of Lacombe. He was on the School Board at the time when the school occupied the building now being utilized as the Town Office. He has been a member of the present Hospital Board since its inception in 1907, and President of the Old Times' Association since its organization three or four years ago.

TO BOYCOTT JAP GOODS
LONDON.—British co-operative societies are moving towards a form of boycott of Japanese goods because of Japan's invasion of China. The London Co-operative and the Royal Arsenal, two of the biggest groups in the movement, have already announced they will purchase nothing more from Japan.

ALBERTA WHEAT CROP
The estimated wheat crop for Alberta for the year 1937, compiled by the Alberta Wheat Pool, is 74,000,000 bushels, to Saskatchewan's estimated figure of 36,000,000 bushels.

Blackfalds

(From Our Own Correspondent)

BLACKFALDS—A jolly group of girls met at the home of Agnes Eagen on Nov. 1st to bid farewell to Mildred Miller, who is soon to leave for the United States. The evening was spent in games, and a program was given. The last game was a treasure hunt, which led to a hidden compact. This was presented to Mildred as a remembrance from the girls. A delightful lunch was served by the organizers.

Another farewell party was held in honor of Mrs. Pat Miller at the home of Mrs. Bernard Headmark last Friday, at which many ladies from the village and district were present. A geography game, cleverly thought out by Mrs. Bernard and covering many cities that the Millers expect to go through on their way south, occupied most of the evening, and a gift was presented to Mrs. Miller on behalf of the ladies at the party. Lunch was served by Mrs. Headmark and the evening was greatly enjoyed. The Millers are leaving this Saturday, having held their sale. Mr. and Mrs. John Eagen have moved in to occupy the upper floor of C. Larson's house, which has just been renovated.

Mr. and Mrs. George Ross are staying with the latter's mother, Mrs. Atsinger.

W.W. Holds Meeting

The W.W. held its usual monthly meeting at the home of Mrs. Hale last Thursday, with a fairly good attendance. The roll call was answered by each member with a plate of candy, which was later sold to the members. The candy was judged by Mesdames Martin and Buckman, and Mrs. McEwen was awarded the prize for the best candy. There is a possibility that the W.W. chicken supper may come off after all, judging from the discussion that arose about it at the meeting. Jack Christie was appointed as janitor of the hall for the coming year.

The new minister, Rev. Mr. Carr of Lacombe, held his first service last Sunday at the United Church and there was a good congregation present to welcome him. After the service, he made himself acquainted with the church board and members of the congregation present.

Mrs. Ted Stephenson and her daughter are staying with Mrs. Mac Stephenson.

Mrs. Lorne Bell also returned home from the hospital last Friday with her baby girl.

Mrs. Crocker is home again after her visit to Alix.

Writes Final Exams

Vance Capron was again in Calgary recently for a final examination for the R.A.F. and he submitted his application to the Force. He is now at Clive, awaiting word from Ottawa.

Edith Moss was a visitor at her mother's home over the week end.

The Crusaders met recently at the home of Mrs. Capron to plan their activities for the coming year. New officials elected were as follows: President, Dorothy Robison; vice-pres., Joyce Moir; secretary, Mary McAllister; treasurer, Joan Warren; press agent, Agnes Farrer. The group plans a very busy season and a big sale at Easter. Several new members joined, increasing the number to 11. The leaders are the Misses Smith and Capron and Mrs. Miller.

Mr. O. Larson left for a trip to Sanguo on Tuesday morning.

The Chatsaline Club met at the home of Mrs. D. Will on Nov. 3. A very enjoyable afternoon was spent by the ladies.

Mr. and Mrs. R. May motored to Edmonton last week for a few days.

Mrs. Black was an Edmonton visitor for a few days last week.

Mr. and Mrs. Walin and family of Hughenden have moved to the Westling farm, north of Tees.

Mr. and Mrs. Menden are Edmonton visitors, having been there for several days.

Outstanding Picture At Avalon Theatre

Spectacular collision between a luxury liner and an Atlantic iceberg forms a high spot in the picture, "History Is Made at Night," the film which will be shown at the Avalon Theatre on Wednesday, Thursday and Friday of this week.

Charles Boyer and Jean Arthur are the stars in this picture, with a story of a rich American woman and her love for a Paris head waiter.

It is a narrative of sacrifice, an enduring romance, none the less charming because of its spectacular presentation.

Emphatically, the picture is one which should be placed on the "Must" list of every theatre fan.

Outstanding shorts complete a program calculated to please the most discriminating patron of the Avalon.

Passenger steamers once plied the Fraser River in British Columbia as far as Hope and Yale.

Spring Valley

(From Our Own Correspondent)

SPRING VALLEY.—We desire to express our thanks and appreciation to Douglas Addison, who sang "Teach Me to Pray" for us a few Sundays ago, and also to Jean Waterman and Kathleen Sims, who sang as a duet, "One Seventy Solenn Thought." Both selections were well rendered, we hope they will sing for us again soon.

Two people of our community were made happy at Red Deer on Monday of last week, but as mention of the event was made in last week's paper, we shall only say, "Congratulations" to Mr. and Mrs. Everett Dooley. Yes, they chivared them and had a good time until the wee sma' hours.

Grandma Pangle, who recently passed her 80th milestone, was at church last Sunday and placed a cent for each year of her life in the birthday box and then recited that old song, "I Am So Glad That Our Father in Heaven." We thank you, Grandma, for your pure and simple faith.

Injured in Car Accident
Our teacher, Miss Sage, was in a car accident recently, which caused her to lose two days of school last week. We do not know the details but hope she is fully recovered and that it does not happen again.

Albert Proulx is thinking of going to Creston, B.C., for the winter.

About a week ago, while returning from a convention of men in Calgary, the car driven by T. C. Pangle and his brother, Mr. Fosnough, was struck by another car, damaging Mr. Pangle's car badly and injuring both himself and his brother. Mr. Fosnough's injuries were not serious but the tendons on Mr. Pangle's right hand were badly cut.

Dr. McCall of Edmonton College spoke to us last Sunday on "The Opportunities of Our Canadian Young People." Canada needs as it has never needed before, he told us, leaders who are God-fearing men and women, and that there is no higher achievement to which our young people can aspire than the preparation of themselves for such leadership. Those who listened to Dr. McCall were well repaid for coming.

Threshing was practically completed in our district with the close of last week.

Dr. and Misses Lillian and Besse Sharp were callers at the home of Mr. and Mrs. H. O. Sims last Sunday afternoon.

LINCOLN.—The Lincoln Community Circle met at the home of Mrs. Carter on Nov. 3rd. The ladies decided to put on a dance in Lincoln Hall Dec. 10th, proceeds of which will go towards the new hospital. Please keep this date in mind.

The Junior U.F.A. is holding a big dance in Lincoln Hall Nov. 19th. Good music is assured.

Mr. and Mrs. A. Cartwright are receiving the congratulations of the district on the arrival of a baby daughter. It is noticed that Art's smile is bigger than ever.

Very few passenger steamboats now operate on the Mississippi River.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Mortals and Immortals." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "One thing have I desired of the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to enquire in his temple" (Psalms 27:4). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 246): "Man, created by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty and holiness."

The World of Wheat

By H. G. L. STRANGE

Director, "Crop Testing Plan"

"Can Thatcher, the new rust-resistant wheat, be used as an early variety to replace Garnet?"

Many farmers in northern Alberta and Saskatchewan are asking that question, knowing, of course, that Thatcher is eligible to go into the grades No. 1 and No. 2 Northern, from which Garnet is excluded.

The results of thousands of tests, made by hundreds of "Crop Testing Plan" elevator agents, in co-operation with many farmers and with governmental institutions, reveal definitely that Thatcher not only is the highest yielding of all spring wheats, but that in addition it is about three days earlier than Marquis.

Thatcher certainly will escape damage from some early fall frosts which might harm Marquis. Garnet, however, being 10 days earlier than Marquis, is still seven days earlier than Thatcher.

I therefore strongly advise farmers who have decided to replace Garnet with Thatcher to treat their Thatcher seed against smut and root rot diseases with a mercurial dust—either Ceresan or Lysosan—and particularly to use fertilizer, either ammonium phosphate or triple superphosphate. These treatments will cause Thatcher to mature at least a week earlier than Marquis, making it about as early as Red Bobs or Reward and not more than two or three days later than Garnet.

The following factors have tended to raise prices:

Frost in Argentina: Unsatisfactory condition of parts of U.S. winter wheat belt; Much Russian wheat of inferior quality; Rumor U.S. may again raise gold value; wet weather interferes with seeding in Italy and Spain; dry weather hinders South African corn growth.

Following factors have tended to lower prices:

Russia makes large wheat shipments; Argentine acreage estimates of wheat, oats, flax and rye show increase; Chilean acreage increased slightly; Harvesting commences in Australia; Expect resumption of Rumanian

Ladies' Hospital Aid Holds Meeting

The Women's Hospital Aid Auxiliary met on Friday at the home of Mrs. W. T. Hynes, with representatives present from the women's organizations of the following districts: Fairview, Joffre, Spruceville, Iowalta, Blackfalds, Lincoln, Sainwood, Morningstar and Blismas Valley.

Following discussion during which these district representatives expressed a desire to co-operate with the Central Auxiliary, it was agreed that local committees be formed, headed by a convener who would be able to keep in touch with the central organization. Curtains have been purchased and members of the auxiliary are now making up the linen supplies.

PETROLEUM INDUSTRY

YIELDS SMALL RETURN

Although net earnings of the petroleum industry in 1936 showed a gain over 1935, the return on invested capital stood at only 2.54 per cent, according to the American Petroleum Institute.

Earnings of the industry as a whole have not exceeded five per cent in any year since 1921, and for three out of the past six years the industry accumulated deficits.

For the 16 years from 1921 to 1936 average annual earnings were only 1.43 per cent of the invested capital. Although the industry has steadily expanded, increased competition, low prices, rapid obsolescence of equipment and mounting taxes have tended to keep earnings at a low level.

For this 16-year period the average capital investment was \$10,776,826,000; average earnings, \$154,536,580; average return, 1.43 per cent.

CLIVE—A large crowd attended the anniversary chicken supper held on Monday night, the weather being fine and the proceeds satisfactory.

Rev. Dr. McCall spoke in the United Church Sunday night. The sermon was very inspiring. The speaker made very favorable mention of our local boy, Jack Wilson, who is now a teacher in Alberta College, Edmonton. E. P. Wagner has just finished loading a car of oats from his farm south of town.

On Monday evening, Nov. 8th, a number of the members of Clive Lodge, L.O.O.F., together with a number from Magnet Lodge, Lacombe, motored to Stettler to confer the first degree on four members. This was a meeting of both districts—No. 18 and No. 20—and about 90 brothers were present.

C. D. Sutton of Milo, Alta., has purchased the bank building here and is building on an addition. When completed, the building will be used as a hotel. Gerald Conrad and family have moved into the Hudkins house for the winter, while Mr. and Mrs. Hudkins are making an extended visit to the Pacific Coast.

W. E. Allison is spending a few days visiting friends in the Conception district.

With about two inches of snow on the ground, it looks like winter has arrived.
